Benefits 101

Coinsurance: The percentage of a covered health care expense that you pay, usually after you've met your deductible. For example, if the plan pays 80% of an expense, the other 20% is your coinsurance.

Copay: A flat-dollar amount you pay for health-related services. Normally, you're expected to pay your copay at the time you receive the service (for example, appointment with your doctor).

Deductible: The amount of covered health care expenses you pay out of your own pocket before the plan begins to pay part of your expenses.

Eligible Expenses: The services and supplies eligible for reimbursement under your medical plan.

In-Network Provider: Medical and dental care providers (doctors, specialists, dentists, hospital and clinics) who are members of a network. In most circumstances, you will pay less for your care when you use in-network providers.

Flexible Spending Account (FSA): A Flexible Spending Account allows you to contribute pre-tax money for healthcare and/or dependent care. Healthcare expenses include eligible out-of-pocket medical, dental, and vision services established by the IRS. Participating in a Flexible Spending Account will save you money on taxes. Unused contributions will be forfeited at the end of the plan year.

Health Savings Account (HSA): A Health Savings Account allows you to contribute pre-tax money for healthcare and/or dependent care and works similarly to an FSA. To have an HSA, you must be enrolled in a High-Deductible Health Plan (HDHP), not be claimed as a dependent on someone else's tax return and not be enrolled in Medicare. Unlike the FSA, funds roll over from year to year and are not forfeited.

Out-of-Network Provider: Medical and dental care providers who are not members of a network. In most circumstances, you'll pay more for your care if you use an out-of-network provider than you would if you received the same services from an in-network provider.

Out-of-Pocket Maximum: The maximum amount you will pay for medical costs per plan (calendar) year. After you reach your out-of-pocket maximum, your medical plan pays 100% of your covered medical costs for the rest of that plan year (copays and service-specific deductibles may still be required).

Primary Care Provider (PCP): A healthcare professional who serves as your first point of contact for medical care. Family Practitioners, Pediatricians, Internal Medicine Physicians are considered Primary Care. Your PCP will provide routine checkups and refer you to specialists for complex or specific medical needs.

R&C (Reasonable & Customary) Charges and Fees: This term refers to the current range of fees charged for a particular service by providers in a geographic area. If you use out-of-network providers and your doctor or dentist charges more than the R&C charges in your area, you will have to pay the difference. Also, amounts you pay above the R&C charges don't count toward your out-of-pocket limit.

Referral: A health insurance referral is a written order from a Primary Care Provider (PCP) to see a specialist. If you have a condition you believe requires a specialist, you must first visit your PCP. Without the required referral, the insurance plan may not pay for the specialist visit.

Wellness Program: Comprehensive health and wellness program in collaboration with the Racine Health and Wellness Center so you can achieve optimum well-being of mind and body and live your best life.

Medical Plans

The City of Racine is proud to announce a new medical plan partner for 2026.

Centivo will administer the medical plan and provide payment processing when you get care, send Explanation of Benefits (EOBs), provide you with customer service and an easy-to-use app, as well as communications about your plan.

Centivo plans are primary care driven. You will be required to select a Primary Care Physician (PCP) when enrolling. Your Primary Care Physician will help you identify and manage issues to keep you healthy and determine if you need a referral to a specialist for more complex or specific needs. Referrals to specialists are required from your Primary Care Physician for specialist care to be covered. The Racine Employee Health & Wellness Center can be selected as your PCP.

With Centivo, you have a choice of plans with different network options and coverage levels, so you can pick the plan that works best for you and your family.

* If you don't visit your designated primary care doctor for care or get a referral for specialist visits, your care will be covered as out-of-network. No referral needed for OB/GYN, behavioral health, urgent, emergency or chiropractic care, lab work, physical, occupational or speech therapy.

** Before you meet your deductible.

It's proven that working with a primary care doctor can help keep you healthier, improve your healthcare experience and reduce emergency room visits, all of which keep your costs lower.

- At Centivo, it's about getting the *right* care from someone who knows you, so these plans are focused on building a relationship between you and your primary care doctor.
- Your primary care doctor will get to know you and your needs, provide referrals for specialty care and become a trusted partner in your health journey.

You also have access to the **Racine Employee Health and Wellness Center**.

Health Savings Account (HSA)

The medical plan offered at City of Racine is classified as a High Deductible Health Plan (HDHP). As a participant in the plan, you will be eligible for a Health Savings Account (HSA). A Health Savings Account allows you to set aside pre-tax money to pay for qualified expenses like medical, pharmacy, dental and vision. The HSA is owned by the employee and funds are available for use as they are deposited into the account.

If you are interested, please keep the following information in mind:

- The maximum contribution for 2026 is \$4,400 for Single coverage and \$8,750 for Family coverage.
- \$1,000 catch-up contribution for age 55+.
- Most banks/financial institutions offer Health Savings Accounts. To set up an HSA, choose a bank/credit union, then complete the Health Savings Account Direct Deposit Form. You will need to have your bank name, routing number, account number and the amount you wish to have payroll deducted into the HSA on hand when completing the form.
- There is no time limit on using HSA funds.
- For HSA guidance, you will want to check with your tax advisor or accountant.

HSAs are considered a triple-tax benefit in which you can save funds pre-tax (lowering your taxable income), spend funds tax-free on eligible expenses, and earn interest (if applicable) on your savings tax free. The money in your HSA is “portable”, meaning it remains available for future qualified medical expenses even if you change health insurance plans, go to work for a different employer, or retire.

Dental Benefits

You are eligible for dental benefits the first day of the month following date of hire.

You have two dental plan options:

MetLife Basic Plan

With the Basic Plan, you have the freedom of choice of dental providers, but additional savings will be seen when visiting an in-network dentist. This plan is included for Employee Only coverage if you are enrolled in the health plan. You can upgrade your coverage to include your family members or switch to the Advanced Plan for an additional fee.

MetLife Advanced Plan

With the Advanced Plan you also have the freedom of choice of dental providers and additional savings when visiting an in-network dentist. In addition to that, you receive 50% coverage for Major Dental Services and Orthodontic coverage. Keep in mind, orthodontia is only for children up to age 19.

	Basic Plan	Advanced Plan

Finding In-Network Vision Providers

To find an in-network provider, go to www.superiorvision.com for the most up-to-date vision provider list.

Flexible Spending Accounts (FSA)

With a flexible spending account (FSA), you can set aside tax-free money to pay for eligible expenses. City of Racine offers two FSAs through Health Equity: The Health Care FSA and The Dependent Care (Day Care) FSA. Please note, you cannot be enrolled in the Health Care FSA and the Health Savings Account.

When you participate in an FSA, you decide how much you want to contribute each plan year. The money you contribute is then taken from your pay before taxes are deducted — this lowers your taxable income, which means lower taxes for you! You're eligible for both FSAs even if you don't elect medical or dental coverage through City of Racine. You have 90 days to file a claim that occurred during the plan year. Meaning, for claims that occurred in 2026, you will have until March 31st, 2027, to file claims for your 2026 FSA services.

Health Care FSA

A Health Care FSA helps you pay for eligible health care expense, which include many medical, pharmacy, dental and vision services and supplies. Expenses are limited to \$3,400 per plan year.

New for 2026: The Health Care FSA will allow up to \$680 of unused 2026 funds to rollover for use in 2027.

Dependent Care FSA

For the Dependent Care FSA, you can contribute up to \$7,500 each year (or \$3,750 if you are married and file taxes separately). This FSA can be used to cover expenses for the care of an eligible dependent (a child or a dependent adult), such as nursery or day care costs, so you and your spouse (if you're married) can work or look for work.

IMPORTANT!

FSAs come with a “use it or lose it” rule. You need to use all the funds in your FSA during the calendar year– or you’ll forfeit any remaining funds. Be sure to plan carefully!

Employee Assistance Program (EAP)

Hospital Indemnity

* Hospital/Fixed Indemnity Plan Notice – Effective 1/1/2026

IMPORTANT: This is a fixed indemnity policy, NOT health insurance

This fixed indemnity policy may pay you a limited dollar amount if you're sick or hospitalized. You're still responsible for paying the cost of your care.

- The payment you get isn't based on the size of your medical bill.
- There might be a limit on how much this policy will pay each year.
- This policy isn't a substitute for comprehensive health insurance.
- Since this policy isn't health insurance; it doesn't have to include most Federal consumer protections that apply to health insurance.

Looking for comprehensive health insurance?

- Visit [Healthcare.gov](https://www.healthcare.gov) or call 1-800-318-2596 (TTY:1-855-889-4325) to find health coverage options.
- To find out if you can get health insurance through your job, or a family member's job, contact the employer.

Questions about this policy?

For questions or complaints about this policy, contact your State Department of Insurance. Find their number on the National Association of Insurance Commissioners' website ([naic.org](https://www.naic.org)) under "Insurance Departments". If you have this policy through your job, or a family member's job, contact the employer.

Aflac Overview

Traditional insurance pays doctors and hospitals. Aflac pays you. That means you can use your benefits any way you like, whether it's to pay leftover medical bills or any other expense you may have. They're your benefits, so you can use them your way.

The City of Racine partners with Aflac, who provides voluntary supplemental insurance to employees:

ACCIDENT

Accidents happen. When a covered accident happens to you, our accident insurance policy pays you cash benefits to help with the unexpected medical and everyday expenses that begin to add up almost immediately.

AFLAC PLUS RIDER

The Aflac Plus Rider pays a lump sum benefit amount along with additional benefits when you are diagnosed with a covered health event.

CANCER/SPECIFIED DISEASE

Aflac's cancer/specified-disease insurance policy can help you and your family better cope financially if a positive diagnosis of cancer ever occurs.

*HOSPITAL CONFINEMENT INDEMNITY

Hospital stays are expensive. An Aflac hospital confinement indemnity insurance policy can help ease the financial burden of hospital stays by providing cash benefits.

SHORT-TERM DISABILITY

How would you pay your bills if you're disabled and can't work? An Aflac short-term disability insurance policy can help provide you with a source of income while you concentrate on getting better.

City of Racine

This benefits guide is designed to provide basic information regarding benefit plans and programs available to eligible employees of City of Racine. This document merely summarizes the employee benefit plans and programs and does not detail all of the terms, conditions, restrictions, and exclusions contained in the plan documents, carrier contracts and/or Summary Plan Descriptions (SPD) (the “plan documentation”) for the various benefit plans and programs. Every reasonable effort has been made to ensure the accuracy of the information contained in this document; however, in the event of a discrepancy between the information in this document and the plan documentation, the provisions described in the plan documentation will govern. This document does not create any contractual rights for any current or former employee of City of Racine, or for any other individual. The provisions of the applicable plan of documentation will govern the determination of any individual’s rights under any employee benefit plan or program. City of Racine reserves the right to amend or terminate any of its employee benefit plans and programs at any time and without notice or cause.
